# fertech

## Tracer<sub>B, Cu, Mg, Mn, Zn</sub>

### Liquid nutritional supplement

- Contains Brandt Manni-Plex® Technology to rapidly overcome a range of trace element deficiencies within the plant
- Natural humectant coats leaves to prolong nutrient time in solution
- Manni-Plex® complex greatly enhances nutrient adsorption and translocation
- Small molecular structure ensures all elements are taken in by the plant

#### CONTENTS

20L  200L  1000L

#### Guaranteed Minimum Analysis (W/V)

Boron 3.85%

Copper 0.06

Magnesium 0.6

Manganese 1.08

Zinc 5.69

All nutrients present as Manni-Plex Sugar Alcohol Complex

pH: 8.2 S.G: 1.19

### Direction for Use:

Apply as a spray to actively growing turf and ornamental plants where immediate uptake of trace elements is required. Fertech Tracer is particularly effective when applied to plants growing in soils where pH is impacting on nutrient availability. Avoid mowing within 24 hours after application.

### Application Details:

Situation	Rate/100m <sup>2</sup>	Rate/Ha	Water Volume	Comments
Turf	50mL–100mL	5L–10L	Minimum of 5L/100m <sup>2</sup> (500L/Ha)	Use the high rate when trace element deficiencies have been identified or rapid root growth is desired. Repeat applications at 4 – 6 week intervals.
Bowling greens	0.8-1.6L / Standard green in a minimum of 150L of water		Minimum of 150L	
Landscape and Ornamental Plants	20mL-40mL		10L	Apply as a foliar spray just prior to the point of runoff.

### Mixing:

Fill spray vessel with half the required volume of water. Add required amount of Fertech Tracer to the spray tank while agitating. Add remaining water to the spray tank. Continue agitating during application. Wash out spray tank, including nozzles, immediately after use.

### Storage, handling & disposal:

Do not store below -5°C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles.

### First aid:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention.
