Recommended for fertilising Turf, Trees and Shrubs at Golf Courses, Bowling Greens, Athletic Fields, Parks, Institutions, Municipalities, Landscaped Properties.

DIRECTIONS FOR USE AS INSECTICIDE				
SITUATION	PEST	STATE	RATE	CRITICAL COMMENTS
All turf types	LAWN ARMY WORM	NSW, QLD VIC, S.A. & W.A.	Dilute 2L of Nutri-Gro® Plus in 40L of water. Apply over 100m ² .	Apply diluted product evenly then water in with 25L of water per 100m ² . Apply every 3 weeks when insect infestation occurs.
	AFRICAN BLACK BEETLE	QLD, VIC, S.A. & W.A.	Dilute 12.5L of Nutri-Gro® Plus in 237.5L of water.	
NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION				

FOR TURF AS A SATURATE:

Dilute 800mL of Nutri-Gro® Plus with 25 litres of water to cover 100sq. metres.

Apply evenly then water in with equal amounts of water ie: 25 litres per 100sq. metres.

AS A FOLIAR SPRAY FOR SHRUBS AND PLANTS:

Dilute 500mL of Nutri-Gro® Plus with 50 litres of water and spray over leaf. Pour liberal quantities around the roots.

FOR RENOVATIONS:

Dilute 500mL of Nutri-Gro® Plus with 50 litres of water per 100sq. metres. Apply evenly then water in with equal amounts of water ie: 25 litres per 100sq. metres.

WARNING:

Never apply in concentrated form or dilution level of more than 1 part Nutri-Gro® Plus to 10 parts water.

Always dilute as above instructions.

Product must be washed thoroughly to ensure leaf is not burnt.

PROTECTION OF LIVESTOCK:

Do not graze any treated area.

STORAGE & DISPOSAL:

Store in the closed, original container in a cool, well-ventilated area.

Do not store for prolonged periods in direct sunlight.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank.

Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.
