

GreenPIG™ Ultra

PIGMENT ADDITIVE

This formulation is designed to enhance and extend aesthetic turf appearances.

GreenPIG™ Ultra delivers performance in all seasons and is engineered with the very best pigments in the industry. Safe for all varieties of grass and less chance for blue overtones on dormant turf. Reduce over-seeding cost and enjoy month long color performance. The deeper color of **GreenPIG™ Ultra** will increase the reflectance of potentially damaging near infrared (NIR) light providing enhanced stress tolerance. **GreenPIG™ Ultra** is compatible with all popular actives and pump seal friendly. Use as a stand-alone pigment or as a long term pattern indicator. **GreenPIG™ Ultra** is also ideal for **Dormant Turf Programs**.

GREENPIG™ ULTRA USAGE RATES

Cool Season Turfgrass - Putting Greens (Maintenance Rate)

10-14 Oz/Acre • 7-10 Milliliters per 100 Meters Sq. • 660 Milliliters to 1 liter per Hectare

14-24 Oz/Acre • 10-15 Milliliters per 100 Meters Sq. • 1-2.5 liters per Hectare

Dormant Turf- up to 32 Oz/Acre • 20 Milliliters per 100 Meters Sq. • 2 liters per Hectare

- **Keep from freezing**
- **Allow GreenPIG™ Ultra to dry prior to re-entry**
- **For professional or industrial use only**
- **Read entire label and follow directions carefully**

Spot test for acceptable color depth prior to full scale spraying. Adjust rates as needed. Retain mix rate records as a reference for future spray applications. To insure optimal spray equipment performance, use a quality tank cleaner and upgrade to Teflon pump seals. Thoroughly clean spray equipment after use. Avoid overspray where colorant is not desired or staining may occur. Dispose of empty container according to local and state sanitation laws.

CAUTION: KEEP OUT OF REACH OF CHILDREN AND PETS.

Rev. 11/2014

WARNING: This product may stain (Keep off unwanted areas such as: sidewalks, patios, driveways, fences, painted areas, etc). As a precaution: spray off unwanted areas with only water after applying. Repeated or prolonged exposure to skin and eyes should be avoided as it may cause irritation. Applicators should always use proper safety equipment.

Conditions of sale: The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material. Follow directions carefully. Timing, method of application, weather, and other factors are beyond the control of the seller.
