SOIL FUNGICIDE

ACTIVE CONSTITUENT: 350g/kg ETRIDIAZOLE

**GROUP X FUNGICIDE**

Controls damping off, root & stem rot of ornamentals & turf caused by *Phytophthora* & *Pythium* fungi as specified in the DIRECTIONS FOR USE table

**Net Contents: 2 kg**

Chemtura Australia Pty Ltd  
Level 7, 435 King William Street Adelaide SA 5000  
Tel: (08) 8231 5050 Fax: (08) 8231 7070

**Chemtura**

The Chemtura logo graphic consists of several white, curved, overlapping lines that create a sense of motion or a stylized 'C' shape behind the brand name.

**DIRECTIONS FOR USE**

Crop	Disease	States	Rate	Critical Comments
<b>BEDDING PLANTS (ornamental seedlings)</b>	Root Rot, Stem Rot ( <i>Phytophthora</i> spp) Damping Off ( <i>Pythium</i> spp)	ALL STATES	60-100 g in 250 L water to 40 m <sup>2</sup>	Apply as a drench. Repeat applications may be made at 4 - 6 week intervals if required. Use higher rate on soils high in organic matter.
<b>HERBACEOUS AND WOODY ORNAMENTAL PLANTS</b>			60-100 g in 100 L water to 10 m <sup>2</sup>	Repeat applications at 2-3 month intervals to maintain disease control.
<b>BEDS POTS</b>			25-75 g in 100 L water	Apply 300 mL of solution per 15 cm pot or sufficient solution to saturate the soil in the pot. Use higher rate for soils with high organic matter or peat.
<b>TURF ESTABLISHED</b>	Damping Off Grease Spot ( <i>Pythium</i> spp)	NSW, ACT, Vic, SA and WA	100-250 g in 25 L water to 100 m <sup>2</sup>	Apply uniformly as a spray. Repeat treatment at 5-10 days to maintain disease control.
<b>TURF NEWLY SEED</b>			150-200 g in 25-50 L water to 100 m <sup>2</sup>	Apply as a spray immediately after seeding. Repeat application at 5-7 day intervals to maintain disease control.
<b>DRY SOIL MIX (seed box and potting mixes)</b>	Damping Off ( <i>Pythium</i> spp)	ALL STATES	45-90 g per m <sup>2</sup> of soil	Apply as dust and mix into one cubic metre of soil during soil fertilizer blending operation.
<b>ROOT DIP</b>	Root infections ( <i>Phytophthora</i> spp)	Qld, NSW, ACT, WA, Tas and SA	60-70 g in 50 L water	Mix well and stir frequently to maintain adequate suspension during dipping operation.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**WITHHOLDING PERIOD: NOT REQUIRED WHEN USED AS DIRECTED.**

**GENERAL INSTRUCTIONS**
**Mixing**

Add the required quantity to the water in the spray tank with agitation. Spray solutions need to be continuously agitated after initial mixing. Water or irrigate after application to improve penetration of the fungicide into the soil.

**Application**

Use only at recommended rates, as overdosage may be harmful to sensitive plants. A test for compatibility with other chemicals is advisable before use.

**Fungicide Resistance Warning**

**GROUP X FUNGICIDE**

For fungicide resistance management, Terrazole 350 WP Soil Fungicide is a Group X fungicide. Some naturally occurring individual fungi resistant to Terrazole 350 WP Soil Fungicide and other Group X fungicides may exist through normal genetic variability in any fungal population. The resistant individuals can eventually dominate the fungal populations if these fungicides are used repeatedly. These resistant fungi will not be controlled

by Terrazole 350 WP Soil Fungicide or other Group X fungicides, thus resulting in a reduction in efficacy and possible yield loss. Since the occurrence of resistant fungi is difficult to detect prior to use, Chemtura Australia Pty Ltd accepts no liability for any losses that may result from the failure of Terrazole 350 WP Soil Fungicide to control resistant fungi.

**PROTECTION OF CROPS, NATIVE AND OTHER NON-TARGET PLANTS**

DO NOT plant food crops in treated soils.

**PROTECTION OF LIVESTOCK**

DO NOT allow stock to graze in any treated area. DO NOT feed turf/leak clippings from any treated area to poultry or livestock.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT**

Dangerous to fish and other aquatic organisms. DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

**STORAGE AND DISPOSAL**

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500 mm in a disposal pit specifically

marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

**SAFETY DIRECTIONS**

Avoid contact with eyes and skin. Do not inhale dust or spray mist. Wash hands after use.

**FIRST AID**

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126.

**MATERIAL SAFETY DATA SHEET**

For additional information, refer to the Material Safety Data Sheet.

**CONDITIONS OF SALE**

Chemtura Australia Pty Ltd will not accept any responsibility whatsoever and howsoever arising and whether consequential loss or otherwise in connection with the supply or use of these goods other than responsibility of the merchantable quality of the goods and such responsibilities mandatorily imposed by Statutes applicable to the sale or supply of these goods. To the extent allowed by such Statutes the liability of Chemtura Australia Pty Ltd is limited to the replacement of the goods or (at the option of Chemtura Australia Pty Ltd) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to Chemtura Australia Pty Ltd within thirty days of delivery.
