

**MADE IN
THE U.S.A.**

Directions For Use

Hydrolink Tablets are designed to treat localised dry spots and hydrophobic soil media.

Hydrolink Tablets should be applied via a proper hose-end applicator and will slowly dissolve over the course of application.

A single tablet will last approximately 20 to 30 minutes and can spot treat 6 to 7 average-size golf greens. Rate of dissolution will depend on water pressure and temperature.
